LEWIS WINS DISPUTE OVER STEEL UNION

Plans Drive After Reaching Agreement To Organize Along Industrial Lines.

By The Associated Press
WASHINGTON June 5—Chapman hands over a newly drawn map John L. Lewis and steel union leaders drove ahead today in an attempt to form the 500,000 steel workers into one big industrial union.

Reading the terms of the bargain which Lewis struck with the Amalgamated Association of Iron and Steel Workers last night, organized labor waited almost breathlessly to see what crisis the unionist foes of Lewis about it. By signing the pact the steel union leaders chose to go along with Lewis rather than the craft fac-

A month-old quarrel between the Lewis group and the craft unionists who disagree with his methods for organizing steel has been threatening to split the federation. Many observers believe that the showdown is imminent, that the next move will tell whether the great A. F. of L. schism will in fact occur.

After long hesitation the Amalgamated decided to go over to the camp represented by Lewis powerful union are arrayed in including Lewis miners the oil text and clothing workers.

The nine unions already have been threatened by William Green, federation president and craft faction leader with expulsion from the federation if they continued their activity in the committee for industrial organization. All have ignored the threat.

Lewis said announcement would be made soon as to when the campaign which is expected to be a bitter one would be started. The organizing committee is to be all powerful except for the right to issue charters a right which is held by the A. F. of L. itself.

MAYOR TAKES STAND AGAINST HEALTH PLAN

Expresses Views on Phase of Federal Social Security at Board Meeting

WILL OPPOSE PROGRAM

Dr. Smith Declares City Can Keep Control of Situation at Less Cost

Mayor Frederick C. Smith declared at a meeting of the board of health yesterday that he personally will oppose any effort to bring the federal government's social security health program to public health work in Marion.

He took this stand when Dr. S. W. Mattox a member of the board called attention to the fact that the city and county boards of health would have to unite their health offices to share under the federal government's program of offering financial support to county public health work.

Mayor Smith answered Dr. Mattox by outlining some of the grounds on which he opposes introduction of the program in Marion. When questioned this morning he expanded on his views and asserted he will fight the program to the last ditch, so far as bringing public health work here under the program is concerned.

George Wright and Mrs. Henry S. Kuyner members of the city health board indicated in yesterday's meeting they stand with the mayor in his opposition to the public health phase of the social security program.

Would Match Funds
The federal government through the social security program would provide approximately \$9000 a year to Marion city and county funds in carrying on a public health program in this county, provided the program measured up to standards of the state and federal departments of health.

To share in it the city and county would be obliged to combine their public health officers since the government's offer is made only to county unite officials.

Mayor Smith, attacked this, saying this morning asserting it is a wide extension of state control that it would be the establishment of a new branch of bureaucracy which, if established, we can expect to grow with resultant in cracks in the coat of operation.

In yesterday's meeting both he and Mr. Wright expressed the opinion the state and federal governments virtually would direct the operations of the city health.

MILLION WORKMEN STRIKING IN EUROPE

Officials Attempting To Negotiate Peace Terms Meet With Meager Success

By The Associated Press
Almost a million workmen in three European nations were out on strike today.

Many officials whose negotiations with employers and operators have failed in only eight successive days have attempted to estimate accurately the strikers' numbers.

Private sources gave these estimates which were not officially confirmed:

France 500,000
Spain 280,000
Belgium 25,000

AGED TRUCKER BADLY INJURED

Big Four Passenger Train Hits Machine at North Main St Crossing

ASA D. HAYES IS VICTIM

Eye-Witness of Accident Gives Account Watchman on Guard

Asa D. Hayes "aged old" Marion trucker of 364 Lee street was injured critically when the light delivery truck he was driving was struck by an eastbound Big Four passenger train at the North Main street crossing at 1:40 p. m. today.

Hayes was unconscious and had to be rushed about the head Charles Seckel of 291 North State street an eyewitness of the crash said Seckel whom he knows to be head of hauling, drove his truck to a stop at the crossing while driving south on North Main street. Just as the westbound locomotive of the Big Four passenger train drove even with the crossing watchman's stand, Hayes drove into it. Seckel said the car hit Hayes' truck and did not hear the crash.

Seckel said Hayes had started to make a left turn into East Mill street and was in the east traffic lane of Main street when he reached the tracks.

Multi-man On Guard
Seckel and other eyewitnesses of the crash said the crossing watchman John A. Horn of 457 Cherry street was in the middle of the street warning traffic when the accident occurred. Seckel said he was standing by the watchman's stand when the crash happened and Hayes' truck was slowly but surely stopped by the crossing watchman who walked to the middle of the street.

Horn said he was absorbed with his other automobiles approaching from the north and did not see Hayes until one or two seconds before the crash.

A crowd that gathered quickly lifted Hayes from the crushed cab of his truck. He was taken to the City hospital in the C. F. Curtis & Co. ambulance.

Prosecuting Attorney Paul D. Nichol with the help of police immediately began an investigation of the cause of the accident and took statements from eyewitnesses. Early this afternoon the prosecutor said he would not have any comment on the case until he finished his investigation.

It had been Hayes' custom his acquaintance said to park his truck on the north side of Main street just east of Main street. It was believed he was returning to

BOARD DRAWS NEW BOUNDARY LINES TO REDISTRRICT SCHOOLS

SENIOR AWARDS MADE AT HARDING CLASS PROGRAM

Senior Win Prizes Given by D. A. R.

Louise Gracely and Vivian Weimer Win Prizes Given by D. A. R.

Irene Gracely daughter of Mr. and Mrs. Harvey T. Gracely of 331 East Church street and Vivian Weimer daughter of Mr. and Mrs. W. L. Weimer of 100 East Walnut street won awards for their distinguished ability in American history and civics and citizenship at the Harding High school senior class day exercises yesterday afternoon at the Chautauque pavilion.

The awards a medal and a book were made by Captain William Hendricks chapter leaders of the American Revolution with the regent Mrs. Fred Hoch making the presentation.

Annually the chapter awards a gold medal to the pupil with the highest scholarship record in American history and civics and Miss Gracely received the medal this year. Originality of thinking in addition to the regular routine of work which was really perfect according to the last year won Miss Gracely the award.

New Award Made
This year for the first time a book was awarded by the chapter to the Marion county school pupil making the highest grade in a citizenship test conducted by the national D. A. R. Miss Weimer won this award a copy of Charles D. Bowers "The People's Choice."

Both girls are members of the National Junior society and have been active in school affairs and both will be graduated in the college preparatory course. Miss Gracely was editor of the 1935 edition of the Quiver Annual high school yearbook.

This year with a change from figures to letters in the grading system school officials dispensed with grading of an honor roll of students attaining a high scholarship.

Several hundred parents and friends attended the exercises which marked the class farewell to the high school.

George Conroy president of the senior class represented his classmates in saying farewell to the school. In his talk he reminded them that the time has come to stand on our own two feet and decide important questions for ourselves.

In responding John Wilhelm junior class president lauded the record of achievement established by the seniors and said in bidding them farewell the world offers you no more than you offer the world.

Class History Read
A comprehensive survey of high school in high school was given by Eleanor Pyley when she read the class history. Betty Simpson representing the Old Woman who lived in a Blue read the class will of her large family.

A huge replica of the tabled shoe built by the vocational department decorated the stage and the center stepped from a door in the shoe to the stage to deliver the will which was prepared by Richard Davidson William Laffin Virginia Tracht Vivian Weimer and the reader.

The class prophecy was contained in booklets representing the lot of the 9th El Dorado with a cover design and drawings by Rupert Brown and Gule Butcher. The prophecy was prepared by Robert Stuart Mary Lou Dink, Lena Louise Von Endt Dale Butcher and Stanley Neal.

Music for the program consisted of a horn solo played by Warren Dink, a song by Lena Louise Von Endt and two selections by the senior girls' class club. The senior sang their class song and the school song.

The high school orchestra under the direction of L. O. Jones, public school music supervisor, played the processional and recessional.

CHARLES GALLINGER DIES IN BUCYRUS

Former Crawford County Prosecutor Passes Away.

Special to The Star
BUCYRUS, O. June 5—Charles Gallinger, 66, well known Crawford county attorney and former county prosecutor, died at 3:15 a. m. today following an illness of one and one-half years.

He was born June 24, 1869, at Brokenwood and had lived all his life in Crawford county. He received his law education at Ohio Northern university and was admitted to the bar at Marietta, Ohio.

He was a member of the Ohio bar association and the Ohio state bar association. He was a member of the Ohio state bar association and the Ohio state bar association.

The project will be supervised by H. M. McElhenny of the district WPA staff in Mansfield, and Noel Petrie, state director of recreation. Mr. Petrie formerly was city director of recreation at Toledo.

The project, sponsored locally by the city board of education at no expense, calls for an expenditure of approximately \$5,500, which will be borne by the WPA. The money is to be used for salaries of leaders and instructors, supervision and for materials and supplies. The project is expected to get under way by July 1 and has been set up to run about seven months.

LAST ONE-ROOM BUILDINGS GO

New Rural Boards Named To Supervise Schools in New Districts

PERIOD FOR OBJECTIONS

Change Abolishes Marion Twp Board and Combines Morral and Grand Prairie

The county board of education put the finishing touches on the first step of the re-districting program. At a special meeting last night by defining new boundary lines and abolishing district boards of education in territories affected by the boundary changes.

A week ago the board voted in apportion the Marion township rural district now served by the county's last one-room schools among eight other districts and in consolidate the Morral and Grand Prairie districts. Boundaries were defined only roughly at that meeting last night when in formation committee is the main time by D. I. Mills county superintendent the board defined the boundary lines in detail.

If the county board's consolidation plan stand Marion township pupils will be transferred from their one-room schools in those of eight other school districts. In the Morral Grand Prairie district it is expected that both the Morral and Grand Prairie schools will continue to operate under the new plan board appointed for the district.

Period for Objections
School officials said the 30-day period provided by law for receipt of the affected districts to file the reorganization against the changes began today. It is expected that reorganization will be filed or other action taken by some of the affected districts in view of protests made at last week's county board meeting by members of the Grand Prairie and Marion township school boards.

In all of the districts that make part of the former Marion township district the present board of education was reappointed by the county board with the exception of the newly-created Morral Grand Prairie consolidated district which includes a small northwest corner of the former Marion township district.

In selecting a board for the Morral Grand Prairie consolidated district the county board appointed three of the present Morral district members and one each from Marion and Grand Prairie districts. Those at points from the present Morral board are J. C. Schultz, Lloyd Williams and Wesley Roberts. The other two members of the new board are J. I. Mohr, present president of the Grand Prairie board and William Risch, present president of the Marion township board.

To Serve Until Election
These men were named to serve until their successors are elected and qualified—a period of approximately 18 months board members.

Rural district school board members whose positions automatically are abolished by the consolidation are D. W. Mahaffey and Fred Hapington of the Morral district board, John Barkley, Vern Lucas, Wayne Mitchell and E. A. Williams of the Grand Prairie board, H. F. Cluff, H. B. Lust, Loren Lawrence and F. B. Hinaman of the Marion township board.

The Morral-Grand Prairie consolidation will result in the new board taking over operation of the Morral elementary and high schools and the Grand Prairie elementary school next term, if the county board's action stands.

The consolidated district is made up of all of the present Morral district's small section of the Marion township district and all of the Grand Prairie district with the exception of a strip approximately one and one-quarter miles wide which was taken from the east side of the Grand Prairie district and shifted to the Grand Prairie school.

These changes and the division of Marion township district among other districts involve transfers of approximately 1,500 pupils of land school officials said.

The county board last night modified some of the shifts made a week ago in the Marion township district, giving residents of a large portion of the county immediately north of Marion the option of going either to Morral by school bus or coming to Marion by their own transportation. This was done, board members said, because of the long bus ride some pupils in the north-central part of Marion township would have to make daily if they went to Morral.

Some To City Schools
Also the board's program provides for transfer of a small strip of Marion township district including the department store building on the corner of Main and Broadway streets to the Marion city school district.

VISIBLE ECONOMY

Here Are The Facts

This is the Argument to end all Arguments on Economy of Operation—the certificate you receive when you buy a KELVINATOR—Read it and Decide for Yourself.

KELVINATOR CERTIFICATE OF LOW COST OF OPERATION

In the building of the new Kelvinator, developments have been utilized which have resulted in a remarkably low cost of operation—a cost that is only a half or even a third as much as that of some refrigerators now in use.

Tests were conducted by Electrical Testing Laboratories, New York, N. Y., an independent refrigerator testing laboratory of recognized reputation, to measure current consumption under specified conditions. The tests used were those drawn up by the Technical Committee of the National Electrical Manufacturers' Association and are as outlined in their draft of December 2, 1935. This is the standard test for a household refrigerator generally agreed upon as providing the means for securing performance figures.

Each size and model of the Kelvinator Domestic line was tested without load at constant room temperatures and at constant food compartment temperatures. This enables us to secure actual electrical energy consumption for the information of every purchaser.

The tests indicate the cost of maintaining a given size and model Kelvinator at fixed average temperatures and this result can be checked against any other refrigerator tested under similar conditions.

In actual use in the home the amount of electric current used will depend upon two factors: first, the no load current consumption, and second, the amount of usage.

- The latter depends largely upon the following:
1. Amount of ice and dessert freezing
 2. Amount of warm food placed in the cabinet
 3. Frequency with which the cooling unit is defrosted
 4. Maintenance of excessively low temperatures for any period of time
 5. Room temperature
- The figures in the following certificate offer a scientific basis of comparison with any other refrigerator. The greater the usage required, the greater will be the economy and saving of electric current as compared with a less efficient refrigerating unit.
- Statistics show that the average day and night year round temperature in the average kitchen in any part of the country is between 70 degrees and 80 degrees Fahrenheit.
- The average year-round temperature in your kitchen, therefore, probably falls somewhere between these two figures.
- In order to estimate the current consumption of this Kelvinator in your kitchen taking into consideration all the usage you will demand of it throughout the year—add from 120 to 180 kilowatt hours per year to the figures shown below for operation without load at the average temperature of your kitchen.

CERTIFICATE OF TEST

This is to certify that samples of 1936 Stock Kelvinators Model K6-36 Specification of January 8, 1936, were selected at random by us from current factory stock. These refrigerators have been tested in these laboratories in accordance with the National Electrical Manufacturers' Association Test Code for Mechanically Operated Household Refrigerators, Draft of December 2, 1935.

The following values were obtained for electrical energy consumption, in kilowatt-hours for twenty-four hours, at the average internal cabinet temperatures shown, with empty food storage space and with the cabinet doors closed.

DROUTH RIDDEN DIXIE TO PRAY FOR RAIN

Governors Urge Appeal to God With Crop Damage Estimated at \$150,000,000.

By The Associated Press
CHARLOTTE, N. C., June 5.—Alarmed at the prospect of a major disaster, officials today urged residents of the southeast to pray for an end to the searing drouth that has caused a crop loss estimated thus far at \$150,000,000.

"I do not believe such prayers will go unwarded," said Gov. Olin Johnson of South Carolina, in a formal statement.

Gov. Eugene Talmadge of Georgia, in urgent supplications, asked his ministers to "have meetings Sunday afternoon to pray for rain."

Scorching sun and clear skies continued generally over the drouth area.

Scattered showers fell in the Carolinas, Virginia and Georgia last night but in most instances they hardly even settled the dust.

North Carolina appeared to be the heaviest sufferer, Dean I. O. Schaub of the state extension service estimated the state's crop damage at \$50,000,000.

TEXAS EXPOSITION TO OPEN TOMORROW

\$50,000 Key Will Be Used To Release Gates at Dallas; Roper Will Give Word.

By The Associated Press
DALLAS, Tex., June 5.—An army of 15,000 workmen scurried over the Texas centennial grounds today making last minute preparations for tomorrow when the gates of the exposition will be opened with a \$50,000 key.

Every important building except the hall of state was ready; the landscaping was completed and the reflecting basin on the esplanade filled with water.

At the opening ceremonies Gov. James V. Alfred will insert the jeweled key in the lock of the main gate and turn it. A few seconds later in Washington, Secretary of Commerce Roper will say the words, which, traveling around the world by radio, will cut the ribbon in front of the gates.

Long Line of Morgans in Public Schools To End

When Roger Gomer Boile Morgan, 18, son of Dr. and Mrs. E. H. Morgan of 230 South Greenwood receives his diploma at the commencement exercises of Harding High school tonight, he will be the last of his generation to complete a high school course, and the occasion will mark the close of a 77-year period during which one or more members of his father's family were enrolled in the public schools.

The span of years covers the educational activities of two generations which began with his father's oldest sister who died three years ago at the age of 80, and since that time the name of Morgan has appeared on school registers in schools and colleges in some part of the country.

Born while his father was in service in the medical corps in the World war, the young man is a grandson of David J. and Mary J. Morgan, natives of Wales and pioneers of Gallia county. Their 15 children, 10 of whom are living, attended the public schools, most of them attended college and later became teachers. Three became physicians, one a

dentist and two daughters married physicians.

Of the second generation, which numbered 51, 47 are living. Out of the 51 young men and women, 42 sought a higher education and most of them were graduated from a college or university. A cousin of Roger's, Richard Morgan, son of Dr. and Mrs. R. T. Morgan of Girard avenue is a freshman in the college of medicine at Ohio state university. His brother David Morgan attended Kenyon college, his sister, Mrs. Elizabeth Morgan Moritz of Port-

mouth attended Lake Erie college and Ohio State university and a brother Boile Morgan of Marion, attended Ohio university. Roger is non-committal as to his future plans and at present is looking forward to vacation pleasure which light the horizon of every school boy's vision.

'Sic'Um' Is Name Chosen by Mayor for Horned Toad

"Sic'um" is the official name of the horned toad received here Monday by Mayor F. C. Smith, as a gift from the Horned Toad Ranch in Texas. The name was selected when Mayor Smith deemed it appropriate following the announcement that he intended to keep the toad, "to eat politicians and political writers." The unique gift was mailed to Mayor Smith as a part of the program calling attention to the Lone Star State's centennial exposition at Dallas this summer.

"Sic'um," who seems quite at home in his Marion environment, has been eating heartily and is displaying more life than upon his arrival by parcel post. Mayor Smith's 17-year-old son, Philip, has assumed the task of providing food for the toad. It eats small insects and is particularly fond of flies. The toad, whose permanent residence has not yet been established, has been kept alternately at Mayor Smith's office and at his residence on East Center street.

Civilization Continues

The task of the civilization in Ethiopia is hard. In addition to the perplexing economic problems of colonization, evidence has just been furnished that the natives are not yet subdued.

While erecting a colony of supply trucks on the road between Addis Ababa and Addis Ababa, 30 Italian soldiers were not upon by an overwhelming force of natives. They were able to hold off the attacking force long enough for the radio operator to tip out 500 calls on his portable set but when reinforcements arrived all 30 had been slain.

Without a doubt the occupying troops now must take extra precautions to guard against devastating guerrilla warfare of this type. Yet it seems probable that a long time will elapse before intemperate natives will bow to the armed force if not the culture of the civilization.

An official announcement that the Italian army claimed the lives of 4,000 of the invaders adds to the impression that bringing civilization to a backward country always has been and must continue to be a costly business. Only a beginning has been made in Ethiopia. Such pestilence as disease and drastic economic strain have yet to take their toll.

An Idea Grows, But Does It?

Inspired no doubt by a desire to share his state's bounty from generous nature with a less fortunate people, a California patriot has proposed the purchase of Lower California from Mexico. Since a bill to the same effect has been introduced in the national house of representatives there must be at least one convert to the idea.

The inspiration is comparable with the recent legislative call by Rep. Brodhead of New York for uniting Canada and the United States into the greatest English speaking nation. Probably though thousands would look with favor on obtaining Lower California where one would go to hat for union with Canada. Certainly, Californians would like to have an extra strip of land added to the greatest state in the union. What could be more fun than to have Uncle Sam subsidize a west coast real estate boom?

As with all such visions (there's a fly in the soup or at least a shadow in a sunny land) The poor benighted Mexicans must be converted. Maybe they would prefer their own government to Californian promotion and Washingtonian benevolence. Even if their politicians could be induced to sell the peninsula stranger things have happened.

Humility.

Americans in all probability will be able to take their lumps defeat by Australia in the American zone Davis cup matches without losing much sleep. It may as well be admitted however that things are getting serious.

Grimace is bubbling it in by proving it can build and fly airships better than the United States. Great Britain and France not to mention Italy and Germany have been flaunting their super ocean liners in Uncle Sam's imagined presence.

The prospect for American success in the Olympic games is now too bright. The Japanese even are beginning to play a pretty decent game of baseball. One of these days some foreign nation will turn out a football team that can beat Minnesota and Notre Dame on consecutive days.

Humility doesn't come naturally to this country. It needs an outlet for its pride. If international competition is going to be the rule Uncle Sam must find something in which he can excel. He used to be a whiz at tennis but that's all over now. Perhaps this pong or homebush would furnish it. He could try for a year or so if they could be coaxed to try their hand at them.

Echoes from Louisiana

Persons who have been in Louisiana within the last year are not likely to doubt that the late Sen Huey P. Long was held in high esteem by great masses of his constituents. Even after his death the man on the street still could be heard singing his praises. To such persons there fore it is not surprising to learn that the Louisiana house of representatives have approved appropriation of \$100,000 for an inquiry into the senator's death.

Outside not so friendly to the dictator must admit even though reluctantly that determination to find new evidence connected with the assassination suggests pointedly that Louisiana is undertaking the canonization of its aggressive political boss. His posthumous influence is greater than

that of any living politician. The wife of Huey P. Long is the first statesman's wife to be elected to the senate. Her husband was the first statesman to be elected to the senate. Her husband was the first statesman to be elected to the senate.

An Object of Wonder.

It is a time to pause more closely into the nature of the proposed amendment which is going to be introduced in the senate from a middle class and streamlined governmental charter.

One of two things about the amendment idea are plain. Both political parties and all the prominent 1936 men therein are agreed half to death by President Hoover for instance if it were not for this.

If there is any proposal in existence it must be an object of wonder to the fact that the constitution could be modified by an amendment the thing would have to provide literally dozens of handles for advocates of an authoritarian state to grasp. Each handle of course would be for a different purpose.

Furthermore if the amendment were to enable states to enact minimum wage laws and the federal government to preempt state sovereignty at the same time it would need to have diametrically opposite purposes. A moment's reflection suggests that it almost would have to provide discretionary authority to act aside all other parts of the constitution to satisfy all the divergent interests interested in it.

Obviously they have no single amendment or more than one amendment in mind. Rather they are dreaming about a new kind of government if they were to confine themselves to the alteration which would be made possible by a specific amendment or amendments to the constitution they quickly would lose interest in that method of getting results. That explains probably why no politician of any consequence is talking about an amendment in realistic terms. The smart ones have the facility of trying to frame an amendment acceptable to all the restless Americans who are chafing under constitutional restrictions.

New Challenges.

Criminology students challenge the easy assumption that high powered law enforcement and crime detection make a complete answer to the crime problem. A host of factors enter to make the task of crime prevention more important than that of detection. But while social forces are progressing slowly toward control of crime sources it cannot be doubted that law enforcement is a prime necessity.

Britain's Scotland Yard for instance is doing to meet its new challenges with modern equipment such as fingerprint bureau and radio equipped squad cars. The swiftness with which British murderers are apprehended and crushed to the ground helps to cut down holdovers to a minimum but figures recently released show that most other types of crime particularly robbery are on the increase.

Similarly the federal bureau of investigation is setting new standards in this country for law enforcement. Yet many crime problems such as gambling vice and bootlegging things still lag and possibly may defeat renascence of local and state enforcement agencies.

Local groups will have to tackle their own problems more vigorously or else admit they want legislation passed authorizing federal authorities to help them. If local areas continue to lag such an aiding legislation might not be a bad idea.

Glancing Backward

TEN YEARS AGO

It was Saturday June 5, 1926. A 17 year old girl died in Cincinnati following her participation in a Charleston dancing contest. Her illness was diagnosed as acute rheumatic infection.

A witness revealed that an average of 46 new automobiles were being sold weekly by Marion dealers.

William T. Crook 39 died at his home on Barnhart street.

Miss Mary Esther O'Hara and John N. Nichols teachers in the Prospect High school were united in marriage at the home of the bride in Lockbourne, O.

Miss Katherine Butler instructor at Harding High school left for her home in Cleveland and Miss Anna Schwartz also a member of the faculty left for Urbana, Ill. to take a postgraduate course in the University of Illinois. Miss Margaret Wolfley another member of the faculty and her sister Miss Ruth Wolfley were to leave June 26 for Montreal from where they were to sail for Europe.

TWENTY YEARS AGO

It was Monday June 5, 1916. Republican leaders were assembling in Chicago preparatory to the national convention. It was reported there that if Col. Theodore Roosevelt would agree to follow his support and that of the Progressives to a straight out Republican-favored son in law horse he could name the presidency of the Republican party for the candidate.

A United States dispatch reported that the British claimed victory in the great naval battle fought in the North Sea on Wednesday. Previous reports had given the victory to the Germans but London authorities had been reduced to three or four units as a result of the engagement.

State officials who had come here to help make plans for the state on campaign praised local committees for the excellence of the arrangements already made.

Mrs. R. C. Dugan of South Vine street returned from a two weeks visit in St. Vernon, Ohio and Millersburg. She was accompanied home by Miss Ruth Gunter of Millersburg who expected to spend the summer at the Dugan home.

Women May Decide Rights by Ballot

Issue of Standing Arises Out of Supreme Court Decision Holding New York Wage Law Unconstitutional.

BY DAVID LAWRENCE
Copyright 1936 by The Marion Star
WASHINGTON, June 5.—The women of America may shortly have to decide by their ballots whether they are to be treated as wards who require special protection or as the equals of men entitled to the same civil rights in negotiating for their own care and labor.

This issue arises out of the latest decision of the supreme court of the United States which refused by a vote of 5 to 4 to uphold a New York state law that discriminated against women even though it was intended at a minimum wage law for their benefit.

The bill of candidates for the presidential nomination will probably be asked to state their position on an amendment to the constitution which reads as follows:

Men and women shall have equal rights throughout the United States and in every place subject to its jurisdiction. If such an amendment had been in the constitution this would be the location of the supreme court of the United States on the so-called minimum wage law would probably have been 9 to 0 in its favor. The New York law as it was an examination of the majority opinion of the supreme court shows that Justice Sutherland followed in many instances the majority and the reasoning of a brief submitted to the supreme court on behalf of the National Woman's party. The National Association of Women Lawyers, the United Women's Union, Local No. 65 of the International Brotherhood of Bookbinders, the Brooklyn Manhattan Woman's League, the Business Women's League, the Council of California and the Women's Equal Opportunity League of New York.

In that brief for instance Eunice Shelton Matthews and Elizabeth Scandrett Greenhouse appearing as counsel for the above mentioned organizations asked the supreme court of the United States to declare the New York law unconstitutional and void.

The effect of this law is to promote unfair competition between men and women workers and to drive women out of employment.

To take from women freedom to contract for work for which men may work in practically every occupation in the state is to hold that the right to labor for pay is primarily the prerogative of the male and that women are wards or serfs who are only allowed to work for special wages under special supervision and subject to special government regulations. Such a system is at variance with our system of law which is based on the fundamental principle of equality.

One class of American citizens is just as much entitled to employment as another class. The industrial world as everywhere else often forces women to offer their services at lower rates than men do. When prejudice union rules and legal restrictions are relaxed sufficiently to admit women to all callings which they are capable of following they will undoubtedly be able to demand higher pay. The learning profession was undervalued for years because it was practically the only profession open to women. As soon as educated women began to find opportunities in other fields the entire community was forced to pay business and the professions know the temptation of overcoming the prejudice by lowering charges and fees. It is really not strange that each group of workers opposes the entry of women into its ranks. The remedy is a matter of opening all doors not in withholding the sales still further against the women workers.

Then on top of this has come a formal statement from John Norman Smith of the National Woman's party declaring that the entire constitution was a bad thing for women. He is pointing out that the hotel and restaurant associations had publicly declared that if the law were upheld in New York they would be obliged to discharge thousands of women employees. It was estimated that 50,000 women were employed in restaurants and hotels.

Ample testimony according to the statement has been given in Ohio, Oregon and Massachusetts that minimum wage laws resulted in the discharge of women and the hiring of boys or men. The statement then adds:

Matthew Wolf vice president of the American Federation of Labor stated on April 2, 1931 at a hearing before the house of representatives committee on labor that if male workers withdrew their opposition to minimum wage legislation they might well understand that they had again become serfs under domination of employers. A member of the nation's William T. Crook president of the federal labor has voted the opposition of organized labor to minimum wage laws for men on the ground that the minimum tends to become the maximum but they would not object if it were women. Women are wary of a bill that men do not want for themselves.

President Hoover said that there exists a "new kind" on this subject of minimum wage since the supreme court of the United States had this week decided that neither the federal nor the state governments had the power to fix wages in such.

As a matter of fact what exists is an everman's lot and it ought also be called every woman's hand (this being the area of rights reserved to the people themselves by the Tenth amendment of the Constitution which reads:

The powers not delegated to the United States by the constitution nor prohibited by it to the states are reserved to the states respectively or to the people.

That is the phrase on to the people means that the whole can be whether any new right has been subtracted from them or not. It is to contract free for work and to sit in either a federal government commission or a state government commission.

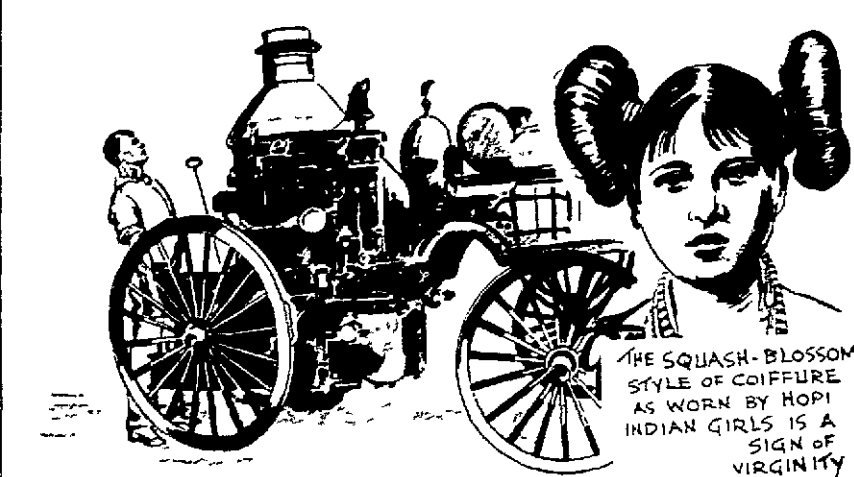

But to have a constitutional amendment withdrawing the fixing of minimum wages would draw down the opposition of labor unions which do not want any minimum wage legislation for men. So it all comes down to whether anybody is going to push a constitutional amendment especially to protect women when a large and aggressive group of women are battling to have an amendment adopted which will guarantee them civil rights just as the nineteenth amendment gave them political rights.

Behind the News

Men and Affairs Under The Washington Spotlight

BY LAURENCE

WASHINGTON, June 5.—The main heavily suspended inner emotion about the Cleveland convention concerning what Senator Borah is going to do nearly every one in Washington knows but no two agree.

The most general expectation here is that he will fight to the last convention ditch and then be trampled to his political death in it. In fact he has told some of his intimates within the last few days that he is tired of public life. That there is nothing interesting for him to do with another senate term that he would like nothing better than to carry his fight against the Republican old guard right up to an ill-fated conclusion and then retire to practice law in Boise and Washington with the record made. Fortifying this impression there is supposed to be a stack of letters a foot high on his desk. He has shown them to several callers. These are said to reflect the popular reaction to his last radio broadcast challenging the party influence of Messrs. Hilles et al.

Then there is the personal angle. It often dominates the acts of statesmen but rarely is mentioned publicly.

The Idahoan is said to have had unfortunate personal experiences with some of the lesser London leaders. These experiences are supposed to have been almost as un-satisfactory to him as the California London situation was to Mr. Hoover. At any rate they left him cold if not embittered against the London candidacy.

Feelers have been put out inviting him to write the platform and he has declined. Similar overtures looking toward the possible selection of his friend Senator Vandenberg as vice presidential candidate have failed to bring an encouraging response from him.

And all the while his silence and inaction have tended to build up the rumors that he may take a walk mid side with President Roosevelt and do everything except play ball.

Those who really know Mr. Borah and what he is after believe the Borah situation will not work out as threatened. Fundamentally his political life has been a twofold first in his principles and second in his party. He has frequently been Republican presidential candidates lean on him in furtherance of those two interests.

Just now the principles in which he is interested are nationalism and anti-monopoly. No other im-

PRAYER OF A RIGHTEOUS MAN

MAN search me O God and know my heart try me and know my thoughts—Psalm 139:23

William Allen White on his occasional visits to the metropolis is usually the target for several interviews and follow up feature stories. But there is one conservative afternoon paper that never mentions him by name. The feud goes back to a nippy quarrel he had with a former publisher now dead. The publisher ordered that the Emporia editor's name be forever banned from his newspaper. Although the ownership has changed the order is still enforced. On his most recent visit, when the paper was almost obliged to quote him he was referred to as a friend of Governor Landolt.

Bing Crosby coming East for the vacation and bringing his string of race horses as well as a maid for his wife a governess and nurse for his children and his own private secretary is something for the students of American Opportunity. A little more than six years ago Crosby's name was lost in the collective billing of The Three Rhythmic Boys. He was the one who tapped a cymbal with a tenor drum stick while beedle-bohing as a feature between tunes of the Paul Whiteman orchestra. Today he's reputedly a millionaire and on top of the world.

WORLD TOUR IN 26-FOOT BOAT

Young Irishman To Make World Voyage in Tiny Craft.

By International News Service
SINGAPORE—In a ship's boat 26 feet long a young Irishman is about to start a hazardous voyage to London.

The lone navigator is W. H. Daly, who was born in Sandy Hook, Dublin, and lived for several years in London and Liverpool. He will leave Singapore this morning to sail through the Red Sea, Indian Ocean, Java and

then there he will go to Darwin, South Australia, Melbourne and Sydney, and then across the Tasman Sea to Auckland, New Zealand. After a leisurely cruise through the South Sea Islands he will visit Pacific ports of America and Canada. Then he will go to New York by way of Panama and the West Indies.

Daly said that he would cross the Atlantic from New York by way of the West Indies, Canary Islands, Cape Verde Islands, the west coast of Africa, Spain and Portugal.

His boat, which is the smallest ever used on a world voyage, is being fitted out at Singapore. Previous boat trips round the world have been made by Captain Scurry, an American, Harry Phipps, a Middle West farmer, and Allen Gerbault, the French Davis Cup player. Scurry used a boat 26 ft. long. Phipps used a boat 24 ft. long and Gerbault used one 20 ft. long.

The only reason Daly gives for his risky voyage is that he is "a wanderer by nature." He ran away to sea when he was 15 to serve

CITY CLAIMS FIRE FORCE IS OLDEST

By United Press
CAMDEN, N. J.—Old-timers here declare that Camden has the oldest paid fire department in the United States.

The history dates back to 1688, when the Camden Steam Engine Company No. 1 was formed. These steamers replaced the old hand-pumped fire engines, and the members of the fire department were paid.

Records reveal that while the firemen were paid, all citizens—men, women and children—were compelled to form bucket brigades when a fire occurred.

SPLIT TAXI FARES CRIME IN ENGLAND

Public and Magistrates Bewildered by Discovery.
By The Associated Press
LONDON—"Dutch treat" on taxi fares, it has suddenly been revealed to a bewildered public, is a criminal offense in England.

Even the bewigged magistrates, including Britain's lord chief justice, Lord Hewart, were startled when they heard about it.

"If that's the law, then the sooner the public knows about it the better," commented Justice Gostlard.

The explanation is that British taxicabs are not licensed as "passenger carriages," which only may carry passengers at separate fares under the road traffic act of 1930.

"The law may seem hard," said Lord Hewart, "but there is no reason why it should not be enforced. If grotesque results follow, it may be a reason for amending the law."

29 BEHIND BARS AS TERRORISTS

More Seized After Flogging of Man Who Wouldn't Attend Meetings.

By The Associated Press.
DETROIT, June 5.—Michigan law enforcement officers today seized 29 men on charges ranging from kidnapping to murder today. The black legion's trail led into the offices of several city and county governments.

Men were seized last night in connection with the flogging of Robert E. Egan, a steel worker, for non-attendance at Black legion meetings.

The arrests of three other men brought that act of non-attendance to light. Six others are sought on John Doe warrants charging kidnapping and assault.

One of the delegates who traveled farthest to attend the Republican national convention at Cleveland was Margaret E. White of Juneau, Alaska, national committee woman from the Yukon country. (International News Photo)

TWO FROM RADNOR WED IN DELAWARE

Under \$500 bond on kidnapping and assault charges are Thomas F. Cox of Detroit and Frederick A. Guiley and Earl Angstadt of Georgia. They admitted yesterday they took Penlan to a Black legion meeting, at pistol points. Guiley said Penlan then was flogged. Guiley said Black legionnaires attempted twice to seize him at his home last spring while he campaigned for Mayor William Volante of Kansas against orders of the leaders, and that he drove them away with a pistol.

At Jackson, Ray, Glen and Clarence Ernest and Allen Basom were ordered held for trial on kidnapping and felonious assault charges.

Witnesses at their examination testified that Harley Smith was seized at his home, on orders of Ray Ernest, taken to a Black legion meeting place and flogged. His offense was failure to attend meetings.

FINDLAY PROFESSOR SPEAKS AT CAREY

Special to The Star.
CAREY, June 5.—There were over 170 in attendance at the alumni reception for the seniors of 1936 Tuesday evening at the high school auditorium. Milton Truhey, president of the Alumni association, extended welcome, with responses by Gaylord Patterson, president of the senior class, and Robert McDaniell, secretary. Forcas Brown and treasurer, Elmer Kirkwood. A short program was given with a vocal solo by Gail M. Kurtz, reading by Janis Wenner and tap dancing by Jane Fagan. Prof. H. C. Perkins of Findlay college spoke.

Mrs. Myrtle Perkins, Mrs. N. W. Sizer, Mrs. Clarence Powell, Mrs. William Dible, Mrs. A. H. Green, Mrs. Della Peterson, Mrs. Truman Young, Mrs. John Fuchta and Mrs. W. A. Leander entertained the Philanthropic class of Memorial Evangelical Sunday school at the parsonage. Mrs. Robert Coc of Bucyrus entertained with readings. There were 40 in attendance. Refreshments were served by the hostesses.

Rural Church Programs

The Ladies' Aid society and the Woman's Home Missionary society of the Methodist church met Wednesday afternoon at the home of Mrs. S. E. Chocor, Mrs. Fred Mitchell, president of the Aid society, in charge of the business session. The following officers were re-elected: president, Mrs. Fred Mitchell; vice president, Mrs. S. R. Rame; secretary-treasurer, Mrs. Harry Hoesafros. The Missionary society opened their meeting with the president, Mrs. George Shuman, in charge. Mrs. W. Z. Campbell read the Scripture and read a leaflet, "The Little Traveler on the Road." Mrs. S. R. Rame read the foreign letter. Mrs. Della Gilliland explained the bills before congress prohibiting the block booking and the selling of motion pictures to theater managers. Officers were elected, resulting in reelection of Mrs. George Shuman, president; Mrs. C. W. Lanning, vice president; Mrs. S. R. Rame, recording secretary; Mrs. Wesley Patterson, treasurer; Miss Bertha Purvis, corresponding secretary.

Mrs. Gail Kurtz, Mrs. Homer Mitchell and Mrs. T. E. Donnell entertained a group of friends at luncheon Wednesday at Mrs. Elizabeth Ica room in Tiffin. Mrs. C. L. Loy and Mrs. W. Woodard of Findlay were out of town.

BUCYRUS, June 5.—Reports of district activities were made at the meeting of the executive board of the Harding Area council of Boy Scouts held Thursday night at Bucyrus country club.

Wilbur H. Symes of Marion, president and reports were received from Nelson Campbell of Mt. Gilead for the Morrow district; C. G. Knoblock of Carey for the Wyandot district; Dr. Frank R. Mann of Marion for the Marion district and Dr. W. G. Carlisle for the Crawford district.

Arthur Brooks, Scout executive, reported on the growth in membership and Clifford M. Howser, area camping chairman, outlined plans for the summer camp.

AGED MAN INJURED AS TRAIN HITS TRUCK

(Continued from Page One)
This parking place after making a call when the mishap occurred.

Here for 20 Years
Hayes came to Marion about 20 years ago and for 10 years has been operating his own trucking business.

He and his wife, Letitia, are active workers in the Salvation Army and Hayes regularly donated his services picking up contributions of clothing, household furnishings and magazines given to the army by Marion residents. He had made a trip for the army this morning.

One of his acquaintances said Hayes' wife for several months has been urging him to give up his work because of the danger of driving and because of his age.

Hayes is a native of Virginia. The train that struck his truck, the Big Four passenger train No. 31, traveling eastward between Indianapolis and Gallion, 100 had stopped at the Union station here a few minutes before the crash and was said by the fireman, S. B. Chubb of Gallion, to be traveling about 25 miles an hour. The engineer's name was reported to be George Amersbach of Bellefontaine. The train was brought to a stop within 75 feet of the crossing.

FITE MISSIONARY SOCIETY MEETS

The Missionary society of Fite Memorial church met Thursday afternoon with Mrs. D. H. Taylor on Davis street. The business session was conducted by Mrs. Lawrence Hatcher. Mrs. Taylor was in charge of the program, in which the following took part: Mrs. Hatcher, Mrs. Glen Brown, Mrs. Harold Halderman, Mrs. Hiram Whipple, Mrs. Mark Wilkins and Mrs. W. W. McMahan. Refreshments were served by Mrs. Taylor assisted by Mrs. Glen Brown. The next meeting will be the first Thursday in July at the home of Mrs. Don Hoagland of Bennett street.

STANDARD BEARERS ARE ENTERTAINED

A picnic and mile box collection at the next meeting, July 7, were arranged for at a meeting of the Standard Bearers society of the Prospect Street M. E. church Tuesday night with Miss Mabel Milgram of South Prospect street. Mrs. Edith Bechtel was in charge of the meeting. Miss Isabel Yost gave a report of a missionary workers' training course which she completed and was given recognition for her work. Refreshments were served in a social hour.

ALL DELEGATES GET VOTE CERTIFICATES

By The Associated Press.
COLUMBUS, O., June 5.—Certificates of election had gone out today to both Democratic and Republican convention delegates-at-large and alternate-at-large. George M. Nefner, election official in the secretary of state's office, said practically all the Democratic delegates and alternates had filed their list of expenses.

Nefner said Robert S. Hayes, a manager of the state campaign for Democratic convention delegates, informed him that hardly any expense was incurred in electing the state technically pledged to President Roosevelt's renomination.

TWO KILLERS EXECUTED

MENTION ROMANCE IN DAYTON MURDER

By The Associated Press.
DAYTON, O., June 5.—Edward Bodine, 30, was shot and killed this morning by another man, now being sought by police, as he was standing on the sidewalk near his home.

Witnesses told Inspector of Detectives S. E. Yendes that the assailant approached Bodine, fired three shots into his body, causing almost immediate death. They laughed at his victim, after which he darted through an alley and escaped.

Yendes said he was informed the men had quarreled recently over the affections of a woman.

STAGE PRODUCER SHIFTS TO MOVIES

By United Press.
NEW YORK—A producer of stage plays rarely changes into a producer of motion pictures, and vice versa. To become both, a happy medium usually must be reached.

For eight years Lewis Hensler produced Broadway shows, among them "Fine and Dandy" and "Pagan Lady." Today he is back on Broadway, but as a motion picture producer. Paramount has turned over to him production of "The Big Broadcast of 1937."

GALLION SENIORS GET DIPLOMAS

High Honors Given to Five Girls in Graduating Class of 98.

Special to The Star.
GALLION, June 5.—The climactic event in the life of a high school student, commencement, was held for 98 seniors of Gallion High school Thursday night in the school auditorium. During the exercises the highest scholastic honor awards were carried away by five girls, in a class where diplomas were presented to 33 girls and 45 boys.

Martha Albrecht, daughter of Rev. and Mrs. J. E. Albrecht, received first honors.

Second honors were taken by Miss Frances Unckrich, daughter of Mr. and Mrs. C. F. Unckrich. Virginia Hocker and Katherine McLaughlin shared third place. Honorable mention honors went to Ruth Castle.

The awarding of honors was made by the high school principal, A. L. Swick. Those who had made all A's during their senior year in one or more subjects were: Martha Albrecht, Frances Unckrich, Ruth Castle, Virginia Hocker, Mary Louise Marsh, Nettie Turner, Edw. Sloan, William Amick, James J. Armstrong, Helen Auker, Brewster Davis, Eugene Foust, Helene Hillis, Wilma Jean Hopkins, Virginia Island, Kristina McGaughy, Elizabeth Miller, Harriet Titus, Helen and Lella Withnough.

Dr. L. C. Wright, president of Baldwin-Wallace college, Berea, delivered the commencement address, "Fitting Ourselves to Our World." Invocation was pronounced by Rev. W. N. Robertson, pastor of the First Methodist church. An oration, "What Our Education Means to Us," was given by Warren Laverne Christian, a senior, and W. Fred Long, another senior, appeared for a song.

M'CUFFEY UNION UNION EXPANDING

Special to The Star.
KENTON, O., June 5.—Membership in the McCuffey chapter of the Agricultural Workers Union increased this week to 50, following the revival of interest by Ralph Pierce, president, and other chapter officials. Laborers at Potosi, Ada, Alger, Dola and McCuffey are being agitated.

The union will attempt to cooperate with marsh growers in settlement of wage controversies and other misunderstandings. Union officials blamed much of the disaster in the strike-born marsh district late in 1934 to activities of the Black legion and said that undoubtedly, the cache of dynamite sticks recently unearthed by Carl Carman, railroad section worker, was placed there by members of the Black legion who previously had stolen it from the Horzog Lins & Stone Co. near Forest, where a strike was in progress.

A house and grounds decorated in Miss Briggs' wedding colors yellow and blue was an attractive setting for the shower gifts. At door were miniature figures of a bride and bridegroom, leaving a small yellow car parked front of the house. Wicker furniture in blue was placed throughout the grounds, and at one side a small lake. Miss Briggs to her gifts by lifting the roof background for the attractive thing was an arrangement of orange blossoms and white candles on buffet.

Guests were the hostess's in-law, Mrs. Frank Hoffmeyer, Toledo, Mrs. Ackerman, Mrs. Alfred Donihien, Mrs. Harold Grigsby, Mrs. Kenneth Smith, Ray M. Eckenrode, Mrs. Felt, B. J. Cohrs, Mrs. B. H. Taylor, Ernest Ward, Mrs. Everett Grigsby, Mrs. Oliver Hami, Mrs. A. Merle Hamilton, Mrs. Holloway, Miss Kelleher, Miss Ian Conley, Miss Ruth Starr, Rosanna Crow, and the guest honor, Miss Briggs.

CONVICT WHO SLEW LOEB IS ACQUITTED

May Will Apply for Parole Next Month; Darrow Lauds Decision.

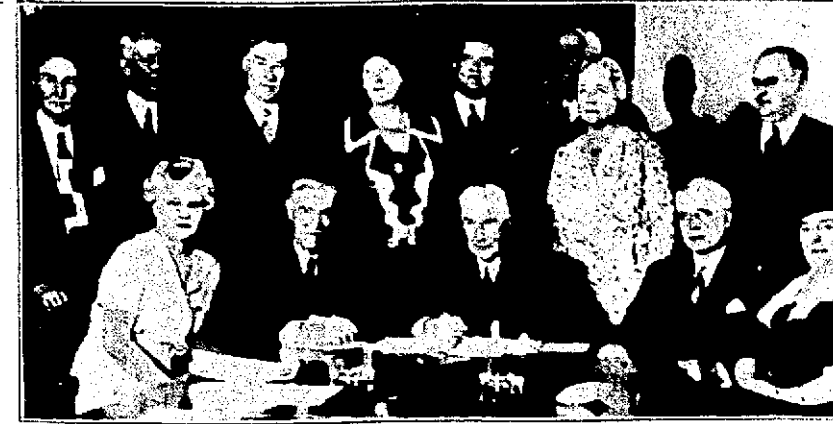

The Associated Press. ST. LOUIS, June 5.—James Day, young convict acquitted of slaying Richard Loeb, began an effort today to secure complete freedom. Day, 21-year-old felon was released from prison late yesterday. A court jury that deliberated 30 minutes returned a not guilty verdict. He was buoyed by plans to apply for the state board of parole next month before the state board. "I got a job in sight," he said. "The board will show me consideration." Darrow's decision was applauded by spectators. Judge Edwin L. Spencer, who presided over the trial, said: "I am glad to see that the law has been upheld."

Wilson stated from the bench: "When you appear before the parole board, I will do anything I can for you." At Chicago Clarence Darrow, aged lawyer who defended Loeb and Nathan Leopold in their 1934 trial for murdering 14-year-old Bobby Franks, termed it "justice in its fullest meaning." He added: "Day should never have been brought to trial for that type of crime—a killing which entailed no malice."

LOWDEN-BAKER BUTLER CHOICE

Columbia University President Approves Plan for C. O. P. Coalition.

By The Associated Press
NEW YORK, June 5.—Nicholas Murray Butler, president of Columbia University, last night favored over the entire field of active Republican candidates and picked former Gov. F. O. Lowden of Illinois as his choice for the nomination.

For vice president Butler, who has participated in more national conventions than any living Republican, chose Newton D. Baker, Ohio conservative Democrat, endorsing wholeheartedly a Republican-Democratic coalition at Cleveland as the best means of securing the new deal.

The second choice was Robert A. Taft of Ohio for president and Louis Douglas, Arizona Democrat and former new deal director of the budget, for vice president.

Butler, 70-year-old president of Columbia university, warned his party that it faced a fight for its very existence in November.

"The Republican party has been on the wrong side of every important public question since 1919 and its organization and official representatives have entirely failed to

grasp the revolution brought into our lives by the great war and by the United States becoming the world's greatest creditor nation," he said.

"If we can grasp this problem, I think there is another period of public service before us. If we cannot, another 1899 will come—a smash and a reorganization."

He referred to the break-up of the Whig party on the eve of the Civil war, out of which the present Republican party was born.

Dr. Butler will not attend the 1936 convention. He sails today for Europe.

Won't Be Delegate

"For reasons entirely satisfactory to myself, for the first time in many years I shall not be a delegate," he said. "As a delegate, I should have voted for Lowden for President. He is thoroughly posted on international affairs and on the farm problem, the greatest facing the country, he knows more than any man. For vice president I should have voted for Newton Baker, a scientist and a statesman in every respect."

Sen. William E. Borah, I. J. Dickinson and Arthur Vandenberg he dismissed without even mentioning their names.

"I would have carefully avoided anybody from the senate of the United States," he said, "which is what you call out west a 'political quail poacher'."

"What about Gov. Alf M. Landon of Kansas?" he was asked.

"I do not know Mr. Landon," Butler replied. "I have no knowledge of his public acts to fit me to have an opinion. I do not know Mr. Landon at all. But I sincerely hope

that if he is the candidate, he will not be a defender of the 18th Amendment and will not be what they call an isolationist."

SCHUSCHNIGG HOLDS PARLEY WITH IL DUCE

Mussolini Queries Austrian About His Dickering With Czechs and Poles.

By The Associated Press
ROMA, June 5.—Dietrich of two European nations—Mussolini of Italy and Schuschnigg of Austria—discussed the future of their countries today.

Il Duce wanted to know, informed sources declared, the status of Austria's diplomatic negotiations with Czechoslovakia and Poland and what part Austria will take in future League of Nations discussions of the Italo-Ethiopian war.

Schuschnigg asked the Fascist premier about his relations with Prince Ernst Rüdiger von Starhemberg, Austrian helmet leader deposed as vice-chancellor.

One of Italy's principal desires, Austrian circles reported, was for Austria and Hungary to speak for her before the League of Nations assembly requested by Argentina and expected to be held late in June.

The Archduke Otto, claimant to the defunct Austrian throne, issued a new and urgent appeal to the Austrian people to make him emperor.

"It is high time for decisive action," wrote Otto from his exile in Belgium to Baron von Wismar, legitimist leader. "I am ready at any hour to returned to the fatherland and give Austria its old unity, power and happiness."

SANCTION BARS TO BE LIFTED

France and Britain Agree To Remove Penalties If Duce Promises To Be Peaceful.

By The Associated Press
PARIS, June 5.—France and Britain are willing, diplomats said last night, to remove sanctions against Italy if Premier Mussolini agrees to maintain the status of the Mediterranean and of central Europe.

They reached an agreement, said diplomatic sources, through the mediation of a talk May 15 between Foreign Secretary Anthony Eden and France's incoming premier, Leon Blum.

Blum's removal of sanctions would permit Italy to borrow money to finance the development of Ethiopia.

Officials here confirmed that France and Britain have agreed to postpone sessions of the League of Nations council until June 29. This delay will allow them time to complete proposals for settlement of the Italo-Ethiopian issue.

Diplomatic sources said they understood Blum is willing to negotiate with Reichsfuehrer Hitler if the British insist upon conversations. Hitler, it was said, has sounded Paris and London on the prospect of early negotiations.

Blum, France's new premier, has announced his foreign policy will be based on the "two closely linked ideas of efficient mutual assistance and progressive disarmament."

Master Pact Is Aim
He hopes to play doctor to the ailing League and also wants to tie up Britain, Germany, Soviet Russia and France in a "master" pact of mutual assistance and disarmament within the League.

Returning to closest co-operation with Great Britain will be Blum's first move, say his followers.

Blum announced he would sponsor new disarmament efforts. Nationalist opponents smile politically, but the wealthy Socialist leader is determined to go ahead.

"And if Germany refuses to disarm," he was asked.

"Germany doesn't wish to participate in our work," he replied, "we'll have to conclude a convention without her."

"But," he hastened to add, "it would have to be just as fair to Germany as it has been present at the drafting."

Mrs. O'Brien, Actor Pat's Wife, "Married a Man—Not a Star"

Meet the O'Brien family—Elaine, the wife and mother; Maurice, aged 2, and Pat, the movie star-husband.

By ELOISE TAYLOR O'BRIEN
The wife of Pat O'Brien, the film star, answers a frequently asked question. This is one of a series of articles by wives of movie stars.

HOLLYWOOD—How many times has a big-eyed feminine fan of Pat's said to me: "Isn't it wonderful to be married to a movie star?"

How many times have I longed to shout in reply: "I didn't marry the movie star... I married the man! The man I fell in love with, and who fell in love with me, ten years ago!"

...The man who went without three meals a day in New York City one bitterly cold winter so that he could buy me a crystal necklace for Christmas. A cheap string of beads... but I love them. To me they are the most beautiful piece of jewelry I have today. Much more beautiful in my eyes than the expensive emerald and diamond ring the movie star bought this last Christmas.

Lovely Lilacs
...The man who stood up in a crowded bus all the way from downtown New York to 101st street with an armful of lilacs wrapped in newspaper on a dreary rainy spring day, to make my day a little brighter. Those lilacs remain more lovely in my memory than all the exotic orchids that the movie star's wife wears to the various openings in Hollywood.

...The man who bet \$10 on a horse, when he was rehearsing a Broadway show, and was lucky enough to have the horse come in a 20-1 shot. He bought me a winter coat... a beautiful coat... it was green and trimmed with beaver. That was the nicest coat I ever had. Nicer than the expensive mink the movie star bought me a few seasons ago.

Pat's Dressing Gown
The man for whom I made a dressing gown... on a borrowed sewing machine, with \$1 worth of material. It is the dressing gown

DEMOCRATS PLAN FOR TALK BY DAVEY

Amplifying System Will Be Installed for Speech at LaRue June 17.

An amplifying system will be installed on the LaRue school grounds for Gov. Davey's address at a countywide Democratic rally on June 17. Arrangements for the rally were discussed at a meeting of the county Democratic western division committee last night with the division's general chairman, Herbert Davis of LaRue.

In the event of rain, the meeting will be held in the high school auditorium with loud speakers outside the building to give those sitting in cars an opportunity to hear the governor.

The LaRue band will play and there will be a vocal quartet from Lima, according to arrangements made by Frank Costello, entertainment chairman.

Tentative arrangements were discussed for the reception which will be given Gov. Davey and for escorting him to the rally grounds. George Raub of LaRue was appointed to make arrangements for the speakers' platform, chairs and decorating of the community and grounds.

Concession stands on the grounds will be subject to a LaRue organization, according to action taken by the general committee at the suggestion of the refreshment chairman, J. T. Jones, Dana G. Roberts, publicity chairman.

COMMISSION GETS TIRE TRADE RULES

By The Associated Press
CHICAGO, June 5.—Representatives of the rubber tire and allied industries submitted to the Federal Trade Commission for approval today a code of amended trade rules which they adopted yesterday.

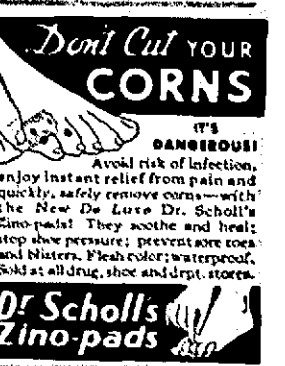

The rules, outlining what they considered "unfair" trade practices were approved at the trade practice conference conducted by Robert E. Freer, member of the trade commission. They were drafted by George J. Berger, secretary of the National Association of Independent Tire Dealers, and approved by the tire representatives.

Several tire manufacturers representatives protested adoption of the rules, saying they had not been given sufficient notice of the meeting.

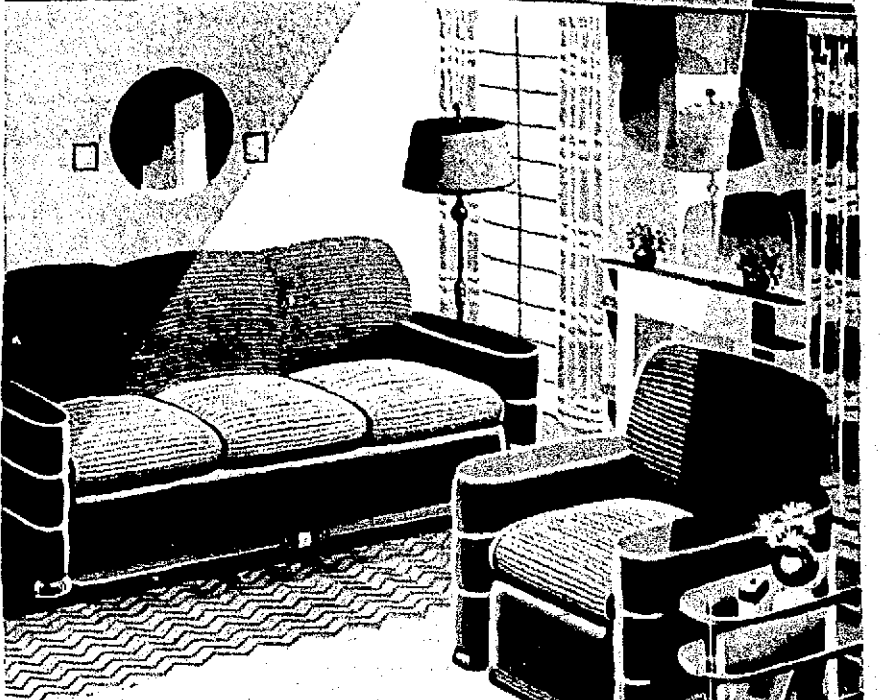

NOTICE
Katherine Hicks, whose address is unknown, is hereby notified that George Hicks has filed his petition against her in divorce in case No. 2447, of the Common Pleas Court of Marion County, Ohio, and that said case will be for hearing on or after the 11th day of July, 1936. Produce Brought Here from Coast To Coast

Marion market stands were replenished this week with produce that rolled into town from coast to coast.

Included in the new arrivals were the first blackberries of the season and eight-pound sugarloaf pineapples. The berries were brought in from Kentucky and are selling at around 20 cents a quart, while the pineapples come from far off Mexico. The latter are voluminous and need no sugar for sweetening. Eight solid pounds of pineapple for which dealers ask 50 cents. They are suitable for canning, market men say. A few Cuban pineapples are left on the stands for canning purposes. Twenty-four in a crate command a price of around \$3.75.

Both hot-house and field grown tomatoes are coming along in good quantity now, the former going for 19 cents a pound, and the latter, shipped in from Texas, selling at the reasonable figure of two pounds for 15 cents.

CARELESSNESS—

that often brings UNHAPPINESS

YOU may know girls like the one on the left — at home, unhappy, while others are out enjoying life.

Often they are victims of ill health that results from unwise dieting—from eating meals that lack sufficient "bulk" to provide needed internal exercise.

Common constipation results. Too often it isn't regarded as serious. Yet doctors will tell you that constipation can slowly undermine your health, leading to discomfort, lowering of bodily resistance, and disease.

Don't neglect constipation. Usually it is due to lack of "bulk" in the foods you eat.

When it is, Kellogg's ALL-BRAN is a safe and pleasant corrective. Scientific tests in leading universities have shown that this delicious ready-to-eat cereal supplies the "bulk" needed to provide regular elimination.

Kellogg's ALL-BRAN absorbs moisture in the body, forming a soft mass that gently cleanses the intestinal walls. It does not break down in the system as does the "bulk" in many fruits and vegetables. So it is often more effective.

Isn't it better to use this natural laxative food in place of patent medicines? Two table-spoonfuls of ALL-BRAN daily, served with milk or cream, are usually sufficient. Stubborn cases may require ALL-BRAN oftener.

Kellogg's ALL-BRAN is not a "cure-all"—but it does correct common constipation. It is guaranteed by the Kellogg Company.

Enjoy ALL-BRAN as a cereal, or cook into appetizing muffins, breads, waffles, etc. ALL-BRAN has a tempting nut-sweet flavor. Eat it regularly for regularity. Sold by all grocers. Made by Kellogg in Battle Creek.

Serve ALL-BRAN regularly for regularity

A Well-Stocked Pantry--

And Your Budget

It often entails considerable planning to have a sufficient supply of foods on hand and still keep within your food budget. It is so hard to find products that supply the necessary food values but still permit of needed economies to enable you to buy in quantity. When you face this problem consult your grocer. He will help you to select the foods that you can store in the pantry but yet keep inside your budget. He has a wide variety of such foods.

And, of course, he has that most economical of all foods...bread. Eat more of it. The bread your grocer sells is good and wholesome...packed with fine old-fashioned home-like flavor. For it's made of the same fine ingredients you would use. It's thoroughly baked, too, by skilled craftsmen in a modern, spotless bakery. And always fresh. Yes, it is HOLSUM BREAD.

Bitterness of Civil War Wrote Drama in Iberia

The bitterness of the Civil War, the incident that was the recent picture hit, "The Prisoner of Shark Island," was found in an account of an incident at Iberia in Morrow county.

Iberia, "little Civil War" of the old residents of Morrow county, the five-volume history which is being prepared by the federal writers project, is the WPA.

Within an inch of their lives. An innocent bystander, Rev. Gordon who was president of the Ohio Central college at Iberia, which later was the alma mater of President Harding, a man as innocent of the whole affair as Dr. Mudd, the hero of "The Prisoner of Shark Island," was of complicity in the assassination of Lincoln, was arrested and brought to trial for the Iberia incident.

Rev. Gordon had contracted a disease in his damp cell and soon after he left the prison he died from the effects of his imprisonment—Morrow county's martyr to the war between the states.

Mr. and Mrs. Blaine Fell of Iberia were callers Sunday on Mrs. Eva Auman and daughter Ruth. Mr. and Mrs. Peter Whittemore and children were week-end guests of Mr. and Mrs. Wilfred Wilkins and daughter Doris.

Richard and Robert Downs of Columbus spent the week-end at Martel, guests of their mother and grandparents. Mary Lou Rogan of Gallon spent the week-end with Mr. and Mrs. Carl Treff.

Miss Mary Elizabeth Gruber was a guest Sunday of Mrs. Mollie Speice and family.

Mr. and Mrs. Henry Reamsnyder of Kirkpatrick were Sunday callers on Mr. and Mrs. H. M. Reed at Martel.

Spry is NEW!

IT'S THE PURER, WHITER, SMOOTHER, CREAMIER ALL-VEGETABLE SHORTENING

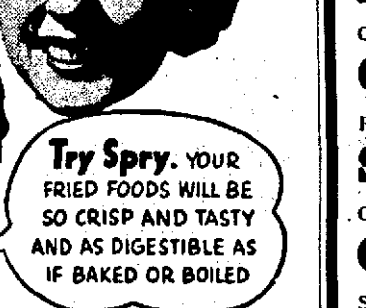

Try Spry...IT CREAMS EASIER...MAKES LIGHTER MORE DELICATE CAKES AND BISCUITS

Try Spry...SEE WHAT WONDERFULLY TENDER, FLAKY PASTRY YOU GET

Try Spry YOU WOULDN'T BELIEVE ANY SHORTENING COULD MAKE ALL BAKED AND FRIED FOODS TASTE SO MUCH MORE DELICIOUS

Try Spry...YOUR FRIED FOODS WILL BE SO CRISP AND TASTY AND AS DIGESTIBLE AS IF BAKED OR BOILED

Double your money back

— if this NEW Shortening isn't the best you ever used

ARE WE taking chances when we say, "Double your money back?" Not at all, Madam. For we know Spry. We know there's no other shortening like it. There couldn't be! No other shortening manufacturer has the plant, the equipment, the up-to-date scientific methods that have put Spry years ahead of ordinary shortenings.

Better for baking—frying

You'll find Spry whiter, smoother, creamier, easier to work with. And here's a test of its absolute purity. You don't need to keep Spry in the refrigerator. It's a purer ALL-vegetable shortening—stays fresh and sweet right on your pantry shelf. Put Spry in your mixing bowl and it creams with the utmost ease immediately. No need to "chaw" out the stiffness. Have you had to endure a smoky, smelly kitchen every time you fried? Change to Spry and end this nuisance once and for all. Spry won't smoke at frying temperature. Won't break down under intense heat and turn dark and cloudy. Spry stays clear and sweet after repeated fryings. You can use it over and over.

Use Spry in any recipe

What's your family's favorite dessert? Cake! Make them with Spry and they'll be ten times a favorite. So much lighter, so much finer and more delicate in flavor. Pastry will have a new tender flakiness that even your good pie crust never had before. Fried foods will be so crisp and tasty your family will beg for them often. And go right ahead. Foods fried in Spry are as easy to digest as if baked or boiled.

You must try Spry. Do it today—at our risk! Read the amazing offer below.

See how much smoother and whiter it is!

And it creams so much easier that means a finer texture cake!

Marvelous! The best cake you ever baked so light, such flavor!

I wouldn't have believed Spry could make such a difference!

These are grand fried potatoes—so crisp and tasty!

And as digestible as if baked! They're fried in Spry!

Read this Saving Offer

Buy a can of Spry from your grocer. Give Spry every test in pies, cakes, biscuits, fried foods. If you don't find Spry the best shortening you ever used, write to Lever Brothers Company, Cambridge, Mass., stating briefly your reasons for not preferring Spry. Send your name and address and description of the test you have made of what you open the can. You will promptly receive back the full value of what you paid for Spry. This offer is good until June 30, 1936.

RADNOR MAN WEDS
GIRL IN DELAWARE

Rev. J. R. Chaney Heads Service at Parsonage.

Special to The Star
RADNOR, June 8.—Miss Alice Chaney, daughter of Mrs. Louis Chaney of Delaware, was united in marriage to William Victor Boon of Radnor Saturday at the home of the officiating minister, Rev. J. R. Chaney of Delaware.

They were attended by Miss Edith Treacy and the bride's brother, Fred Chaney. For her marriage the bride wore a blue ensemble. Mr. and Mrs. Boon will make their home in Radnor.

Monday evening patrons of route No. 2 R. F. D. rural mail service out of Radnor post office surprised their mail carrier, George N. Davis who is retiring after 30 years service, with a picnic supper at the Radnor grange hall. During the evening reminiscence were made by Mr. Davis, William T. Roberts, Harry A. Lauer and others of happenings and changes

in mail delivery in the Radnor vicinity during the last 30 years. Lawn games were played and a social time enjoyed.

When I say WHITE I mean WHITE!

NOT DINGY—not yellow—not "fairly white" but a WHITE white that makes you proud. That's how white cottons and linens look when washed the Clorox way. A little Clorox banishes ordinary stains and dinginess in the regular laundering process. A slightly stronger solution takes out stubborn stains—even scorch and mildew.

And that's not all—when you use Clorox your wash is hygienically clean, for Clorox deodorizes and disinfects as it bleaches and removes stains. Think what this means when there are baby clothes, germ-laden handkerchiefs, towels, table and bed linens in the wash. The hygienic cleansing of Clorox is not limited to laundry. It disinfects, deodorizes and removes stains from refrigerators, food containers, drainboards, sinks, bathtubs, basins, toilet bowls, tile, linoleum, sick-room utensils, garbage receptacles.

You'll be amazed to learn the number of ways that Clorox can help you. The label lists many important household and personal uses. Clorox is concentrated for economy. Always order by name. There's only one Clorox.

CONTAGIOUS DISEASE REPORT IS FILED HERE

County Health Commissioner Receives Communication from State Department.

A report of new cases of contagious diseases in Marion and county for the two-week period ended June 1 has been received by Dr. N. Siffritt, county health commissioner, in a bulletin from the state health department.

The new cases of scarlet fever are reported in Marion city and in the rural districts.

The report from nearby counties is as follows:

Adams—Buberculosis, four scarlet fever, and one measles; rural districts, one measles.

Delaware—Delaware city, three scarlet fever, and one chickenpox; rural districts, six scarlet fever, two chickenpox, one influenza and one measles.

Madison—One tuberculosis and one scarlet fever.

Morrow—Seven scarlet fever, one measles.

Waynes—Two scarlet fever, one measles.

SHEEP CLAIMS \$88 HERE FOR WEEK

Sheep claims totaling \$88.50 were filed by Marion county farmers with Dog Warden Elmer Ullom last week, the warden's report to county commissioners shows.

Maurice Heller, who leases a farm near Morral, lists nine dead lambs, valued at \$88.50, and one injured lamb, valued at \$2.50. The Denuthen and Watts farm near Morral lists one ewe dead, valued at \$8, and one dead lamb, valued at \$2.

The dog warden reported 16 dogs impounded during the week, including one known sheep killer.

Married Comrades

BY ADELE GARRISON

Madge Delegated to Interview Bristol in Garage.

MISS MARSHALL had her hand upon the telephone before I had finished speaking.

"That's a splendid idea," she said, her eyes filled with admiration and thankfulness.

She gave the number, and sent a parting query after me as Dicky hurried me through the door.

"If you find out anything definite, will you—?" I answered the query before she had finished.

"I will keep you posted by telephone, being careful how I word the messages, on everything," I promised her, and then Dicky was rushing me down the corridor toward the elevator.

"Wot a gal! wot a gal!" he said as he pressed the signaling button.

"Miss Marshall?" I asked demurely.

"You know very well I don't mean Miss Marshall," he said. "Al-

"We never can tell him that," Dicky said decidedly as we reached the car and he helped me into it. "It may be necessary to tell him she told us some things that were in it, but—"

"I agree with you about the letter, of course," I interrupted him. "But that doesn't solve the problem of what to say to him."

Dicky eased the car into traffic, and crossed two streets before he spoke.

"How would it do?" he asked when he had comparatively easy going for the car again. "To tell him that we were anxious about Ronald from something Marion had written, and that we thought we ought to ask his advice."

"That's wonderful!" I said with genuine approval. "And it's probably the only way to stop him from whatever he has in mind. If he thinks Ronald's brain is running along the same track his is, he's likely to put on the brakes. Let's hope so, anyway."

I fervently echoed his wish, and then for another block Dicky silently fought traffic.

"There's the garage down there," he said as we turned into a side street. "And look! there's Bristol Marshall!"

just going into it. What's that?" the matter?" as I gave a peeping look of relief.

"I was so afraid," I confessed, "that we wouldn't be in time. But you notice that scratched out word when he asked Miss Marshall to give Helena aid or—?"

"Yes, I can guess what it was," he said gravely. "Comfort, wasn't it?"

"Yes," I returned as gravely. "And you know what that means."

"Just so," he said, as he drew the car to the curb and helped me out. "Now you can wait while I lock the car, if you like, and take me in with you, but my judgment is that you'd better tackle him yourself first."

Goes in Alone.

I knew he was right, and I acquiesced quickly. "All right," I said. "You'll stay here until I come out with him?"

"Yes, unless you beckon me to come in before," he said. "Better be vague but insistent at first about Ronald, and profess great uneasiness. I'll tell him the truth about the trip to Whitney Hall, the interview with Marion, the call at his office, and Miss Marshall's finding out about the garage. You might say that she said you had

told her you were seeing Ronald today. That will let her out easy. The rest is up to you, and, old girl, he put a comforting hand on my shoulder—"I know you'll come through. You always do."

The words heartened me immeasurably.

"Thank you so much, dear," I said. "I'll do my best."

He lifted his hat and smiled at me.

"Happy landings!" he said tenderly, and with the familiar touch comforting me, I walked steadily toward the garage—and Samuel Bristol.

"Cracker Barrel" Politician To Direct Fight for Landon

By The Associated Press
WASHINGTON, June 5.—Governor Alf M. Landon's floor maneuvers at the national convention in Cleveland will be in the practiced political hands of a "cracker barrel politician" from the industrial east.

Even Democrats express respect for the political sagacity of Rep. Joseph W. Martin, Republican representative from North Attleboro, Mass., who has been named floor manager to further the presidential aspirations of the Kansas governor.

"Keeps Himself in Office"
"Martin is a shrewd fellow who spends his vacations on cracker barrels, making friends and keeping himself in office when other Republicans are being thrown out," said Democratic Senator Frank Maloney of Connecticut.

A master of practical politics and a veteran house member with 12 years of service, Martin is the unofficial assistant to Minority Leader Hiram B. Smith of New York. He frequently is mentioned as the next probable national committee man from the Bay State.

Martin is a short, round bachelor of 51, who meets a voter once and ever after remembers to call him by his first name. He rose by his own efforts and now is publisher of the North Attleboro, Mass., paper for which he was a reporter while in high school.

Success Predicted
Tucked away in his files is a letter from one of his school teachers, who, pleased at an early political success, wrote him to say, "Joseph, I predict we'll see you in congress some day."

Jolly and amiable, a ready "mixer" among men, Martin is well versed in the intricacies of politics. He is a member of the powerful rules committee of the house, the foreign affairs committee, and runs the Republican side of the house when Leader Smith is away.

Many months ago, Martin was stoutly asserting that the Kansas governor seemed to him to be the best Republican bet for 1936.

There is a monument at Hanover, Germany, to Karl Jatho, who on Aug. 18, 1903, it was stated, started from the ground in a crude airplane and flew 25 kilometers. The Wrights made their famous flight near Kitty Hawk, N. C., Dec. 17, 1903.

Joseph W. Martin, (above), politically wise chatterbox, will manage the Landon forces on the convention floor at Cleveland.

Seven members responded to roll call with their favorite flower when Mrs. Gerald Garber, Mrs. Mamie and Mrs. Alice Williams entertained the Rebekah Friendship circle at the home of Mrs. Garber Tuesday afternoon.

Mrs. Thelma Forche, Miss Jeanette Fields and Roy Fields were guests. The meeting was in charge of Mrs. Mae Douce. The names of the Misses Hattie and Laura Garber and Mrs. Elna Rinker were drawn for hostesses for the next meeting.

Miss Mary Curli gave a reading "Memorial Day" and Mrs. Garber and Mrs. Forche contributed a vocal duet, "Mother Dear Do You Hear Me Calling You?"

Contrast honors were won by Mrs. Marie Meramora, Mrs. Jessie Free and Mrs. Mae Douce.

The Girls' Missionary society of Memorial M. E. church entertained the Girls' Missionary society of Plankton in the church basement Tuesday night. Members of the Plankton society contributed a program of music, readings and a playlet entitled "My Missionary One Day." Refreshments were served.

Driven by a single cylinder one-half horsepower gasoline motor, a plane that one man can handle readily has been invented for clearing and cultivating fields.

CALEDONIA LODGE OUTLINE FESTIVAL

Ice Cream Fete To Be Held on Square, June 20

Special to The Star
CALEDONIA, June 5.—Plans were made for an ice cream festival to be held on the square, June 20 at a meeting of Elnor Temple Pythian Sisters Tuesday night. Mrs. Martha Burton, Mrs. Josie Mitchell and Miss Margaret Kelly were appointed the committee in charge. The charter was drafted for Mrs. Lyle Stone and Gail Morton and Mrs. Blanche Hilghy. Mrs. Martha Burton and Mrs. Josie Mitchell were appointed to adopt resolutions. An invitation was accepted to attend the joint memorial service for the I. O. O. F., K. of P., Rebekah and Pythian Sisters lodges at the Church of Christ Sunday evening June 14. It was voted to recess during July and August. The last meeting of the season will be held in two weeks.

The names of the Misses Hattie and Laura Garber and Mrs. Elna Rinker were drawn for hostesses for the next meeting. Miss Mary Curli gave a reading "Memorial Day" and Mrs. Garber and Mrs. Forche contributed a vocal duet, "Mother Dear Do You Hear Me Calling You?" Contrast honors were won by Mrs. Marie Meramora, Mrs. Jessie Free and Mrs. Mae Douce.

The Girls' Missionary society of Memorial M. E. church entertained the Girls' Missionary society of Plankton in the church basement Tuesday night. Members of the Plankton society contributed a program of music, readings and a playlet entitled "My Missionary One Day." Refreshments were served.

Driven by a single cylinder one-half horsepower gasoline motor, a plane that one man can handle readily has been invented for clearing and cultivating fields.

TELLS OF ATTACK

William Haines, former movie star, is shown in Los Angeles as he told of having been run out of Manhattan Beach, Cal., with a young man friend by a mob of more than 100 persons. "Some wild, outsize rumor must have stirred them up," he said. (Associated Press Photo)

The Stars Say--

For Saturday, June 6

A lively and interesting day is promised from the very dynamic positions of the planets in connection with the sun. These may have a tendency to energize and stimulate all the forces and faculties as they relate to the various departments of human expression. In business there may be gainful reactions to good news or in connection with publication, advertising or promotional campaigns.

Those whose birthday it is may expect a very lively, progressive and fairly prosperous year, with new projects favored and all pertaining to writings, publicity and promotion flourishing.

A child born on this day may be talented, versatile and intellectual, also practical and energetic. It should succeed through writing or those businesses having to do with it.

NOT SO DRY
By United Press
BIRMINGHAM, Ala.—In "dry" Alabama, where alcoholic beverages containing more than one-half of one per cent alcohol are prohibited, there are 980 retail whiskey dealers, 382 beer dealers, 17 wholesale liquor dealers and 30 wholesale beer dealers. The figures are from the department of internal revenue.

Your Health

BY DR. H. S. COPELAND

Digitalis.

CONSTANT ATTEMPTS are made by the medical profession to warn the public against dangers of self-medication. Yet laymen continue to use dangerous drugs to get rid of discomfort and pain.

Only the other day I overheard a lay person recommend digitalis for the relief of shortness of breath suffered by her friend. Without first examining the patient, even a physician would not prescribe digitalis.

All of us know that digitalis is used in the treatment of heart ailments. It is one of the most valuable of all remedies, extensively used in restoring a weakened heart muscle.

Digitalis has been used for years. But it is only within the past quarter of a century that it has been so standardized as to make it safe.

As early as 1765 an English physician, William Withering, first announced the curative value of digitalis leaves. He had learned that they were helpful in the treatment of certain cases of dropsy, which were undoubtedly due to heart disease. For years before that a well-known "herb" woman in England used these leaves in the treatment of similar disturbances.

Of course, there was skepticism and hesitation about accepting a drug originally sponsored by a woman believed to be a witch. It made it still more difficult for the medical profession when it was learned that several persons died from the effects of this medicine.

But at that time little was known about how to prepare digitalis, and the early preparations of the medicine were made in a crude way.

You won't forget, I am sure, that digitalis should never be used unless prescribed by a physician. Not by any means do all cases of heart disease require digitalis. In fact some patients are made worse by taking this drug.

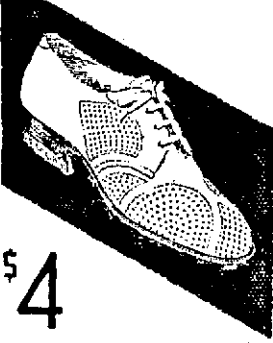

When properly employed digitalis helps the condition, enabling the contractions of the heart to act more strongly and efficient. In advanced cases of heart weakness it relieves difficult breathing, shortness of breath and swelling of the ankles. These signs are particularly noted in elderly persons who have heart weakness.

DOWN AND OUT SALE OF OUR ENTIRE CHOICE USED CARS

Boy, oh boy, oh boy... what a sale this will be! We stuck our necks out and went plenty wild on a whole lot of new car deals—and here we are with the ten count on us with used cars—so we'll have to take it.

Since we got ourselves into this mess we're going to get out, and get out as fast as possible. That means we sell cars regardless of profit or loss and because we've been trading wild.

WE'LL TRADE Wilder Than Ever!
